

# **DIAGNOSIS HEALTH PROFILE**

**Health Data, Made Simple**

(MANUAL INSTRUCTION)

CARLO DESTINADO

BSIT 2B

# INTRODUCTION

The Diagnosis Health Profile is a simple computer app made for medical clinics. It helps doctors and nurses record patient information and find out what sickness the patient might have. The app makes the work faster, easier, and more organized for the clinic.

## Relevance / Purpose

- To easily record and manage patient information.
- To help doctors diagnose patients faster and more accurately.
- To make patient history easy to access anytime.

## Stakeholders (Actors)

### Patients:

- Individuals whose health information is recorded.
- Receive diagnosis facilitated by the system.

### Doctors /Medical Staff:

- Use the system to access patient records.
- Make diagnoses based on the information within the system.
- Manage and monitor patient diagnosis.

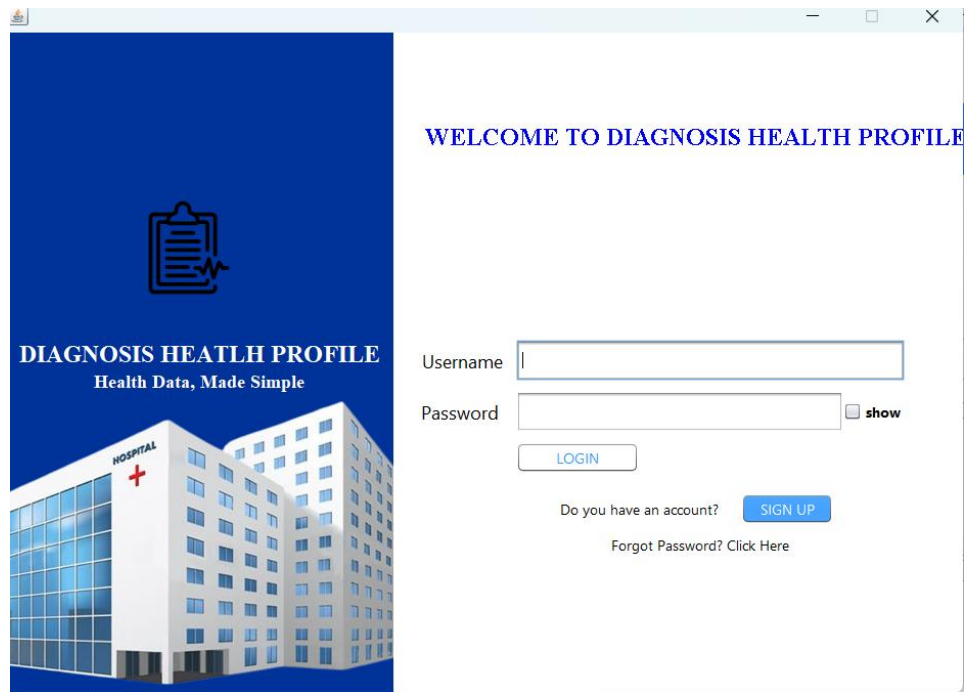

### Admin Staff:

- Manage users using the system.
- Add, Update and Delete patient records
- Monitor user activity logs

# HOW TO USE THE SYSTEM

## A. LOG IN PAGE

In this page you are going to LOG IN or SIGN UP your account.

## MEDICAL STAFF/ DOCTOR DASHBOARD

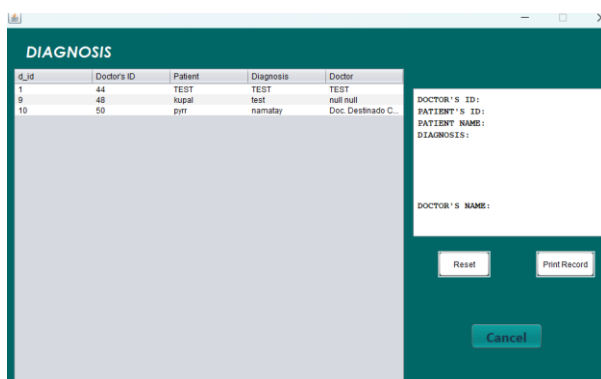

### 1. VIEW DIAGNOSIS Button

Purpose: Opens the patient diagnosis viewer, It can also add Diagnosis to the selected Patient

View Diagnosis

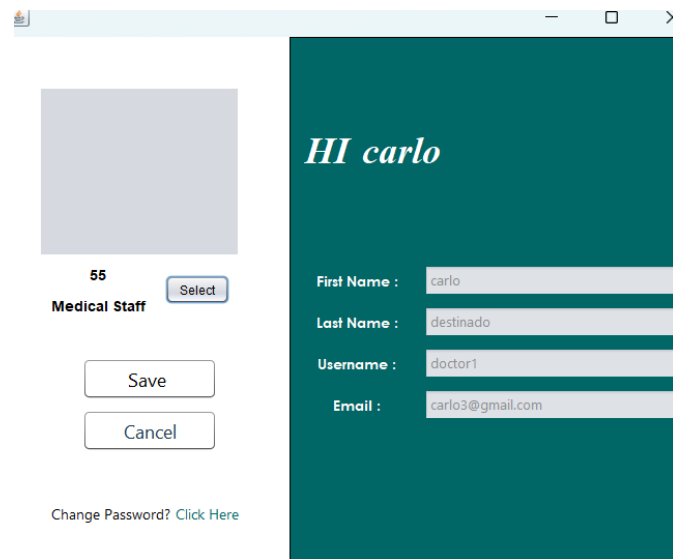

Add Diagnosis

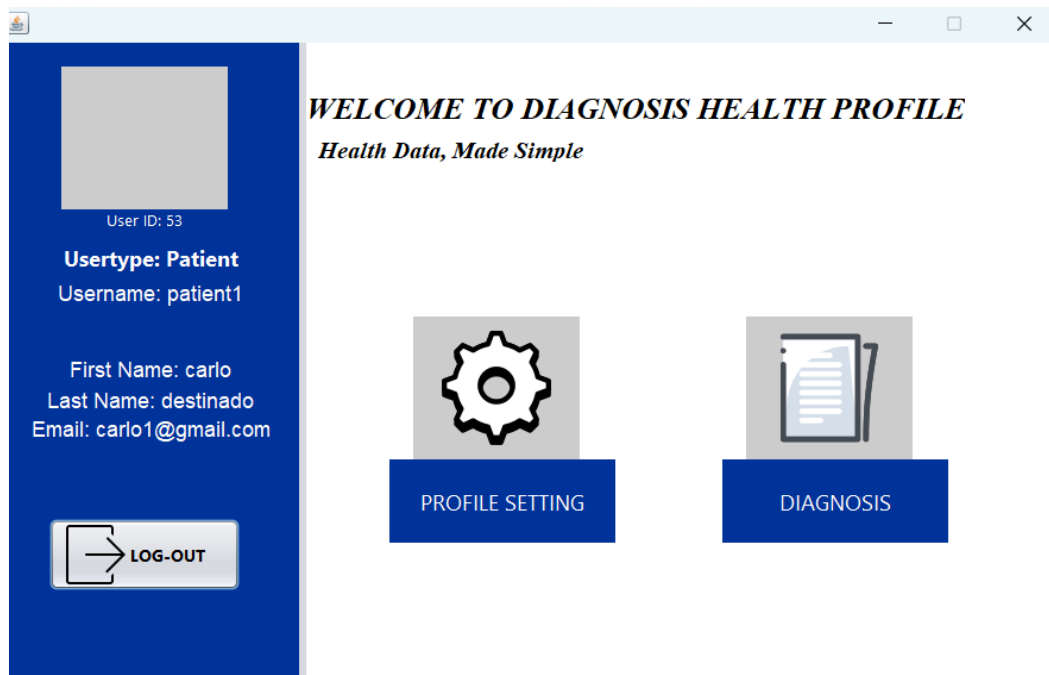

## 2. PROFILE SETTING Button

Purpose: Opens account settings for the logged-in doctor. Click to update personal info.

A screenshot of a web application window titled "PROFILE SETTING". The window is divided into two main sections. On the left, there is a profile card with a placeholder image, the text "55", "Medical Staff", a "Select" button, "Save", "Cancel" buttons, and a link "Change Password? Click Here". On the right, there is a teal sidebar with the text "HI carlo" and a form with fields for "First Name : carlo", "Last Name : destinado", "Username : doctor1", and "Email : carlo3@gmail.com".

## PATIENT DASHBOARD

A screenshot of a web application window titled "PATIENT DASHBOARD". The window is divided into three main sections. On the left, there is a blue sidebar with a placeholder image, "User ID: 53", "Usertype: Patient", "Username: patient1", "First Name: carlo", "Last Name: destinado", "Email: carlo1@gmail.com", and a "LOG-OUT" button. In the center, there is a white area with the text "WELCOME TO DIAGNOSIS HEALTH PROFILE" and "Health Data, Made Simple". On the right, there are two buttons: "PROFILE SETTING" with a gear icon and "DIAGNOSIS" with a document icon.

## 1. PROFILE SETTING Button

Purpose: Opens account settings for the logged-in doctor. Click to update personal info.
